### **HURRICANE KATRINA**

Feed The Hungry has sent 44 semi-trailers of water, food, bibles and other aid to people affected by Hurricane Katrina. Thank you to all our partners and friends who have contributed in finances and prayer. Because of your support we were able to respond immediately, continually and in line with the scope of the need.

Stefan Radelich was on the ground directing our relief efforts for the first two weeks and prepared the attached report. FTH has also created a 5min video update on our relief efforts which can be previewed online at our website before you receive your copy on DVD later this month. If you would prefer a copy on video please indicate on the included form.

FTH is still getting a lot of requests from people on the ground for food and bibles. There were even times when the Red Cross were calling on us to distribute food to places they couldn't get to. FTH has been supplying medical centres, and setting up distribution centres in around 100 churches.

Right now our warehouse has been emptied again. As fast as we can get the food into our warehouse we're rushing it down to the needy. There is much work to be done, and thankfully we have many volunteers working around the clock to load and unload the trucks. FTH does not work through governments but through the church – and the church is doing an outstanding job.

We rely on you, because our support comes from God's people.

There is no such thing as an insufficient gift. Your financial support is greatly needed as every dollar makes a difference in helping to deliver relief supplies and hope to tens of thousands of displaced, hungry & hurting people. Please seek God about helping now.

### **GLOBAL UPDATES**

- Sudan - Thankyou for all the donations and support for this upcoming project. The bulk of the food will be purchased from nearby Uganda. This food will be supplemented with Bibles and other aid sent from the USA, and distribution is scheduled to begin in November.
- Ethiopia – we are aiming to send over a million kilograms of food and aid to Ethiopia in February. As always, we are expecting to impact this nation by feeding body, soul & spirit.
- Christian Orphanages – we are providing the daily food needs for three Christian Orphanages, with the goal of expanding our support to over 100,000 children worldwide. If you would like more information about supporting this new initiative please contact the office.

FTH has been blessed with the donation of trailers, trucks, drivers and fuel costs through the efforts of USA local trucking company Risinger and their executives. FTH has dispatched 44 trailer-loads to Katrina survivors.

FTH was the first to supply food to a temporary hospital. 12 tonnes of milk, soup and ready-to-eat meals were unloaded by hand at an abandoned K-mart used as a temporary Special Needs Medical Clinic housing 1000 patients and 400 volunteer medical personnel.

LeSEA ministries have delivered 125,000 Bibles to the devastated areas.
