

November 2006

Dear Friend,

My name is Peter Sumrall - I'd like to tell you about an extraordinary opportunity to bring Christ's love to persecuted children and families in the heart of Islamic Africa - because **for every \$2 we receive, we can deliver \$15 worth of life-saving food!**

This food is going into the Darfur region of Sudan. You may have heard about it in the news – it's one of the most tragic, most savage killing fields in the world. In just four years, the horror of civil war: rape, torture, murder, and entire villages destroyed - has inflicted suffering on a staggering scale. 400,000 dead. Four million displaced. That is Darfur.

But today, because of God's grace, we have an invitation to go into this overwhelmingly Muslim land with life-saving food... and an unprecedented opportunity to share the message of Jesus.

I have the privilege of leading a trusted non-profit Christian ministry called LeSEA Global Feed The Hungry. You may have seen our organisation being promoted in Christian magazines and on Christian TV recently.

You can give to **Feed The Hungry** with confidence. Next year will be the twentieth anniversary of feeding the hungry in Jesus' name. Along the way, we've had the joy of sharing AUD\$211 million of food, milk, and supplies with literally millions of needy children and adults in 84 different countries.

We count it a privilege that every year hundreds of churches and thousands of individual Christians from around the world entrust us with their gifts. We thank God that people see the reality of the need -- and don't look the other way.

You and I can minister hope and healing through Jesus Christ in this suffering region. **In fact, every dollar given to Feed The Hungry today will be multiplied seven-and-a-half times!**

Here's how God has engineered this miracle. One hundred tons of food has been generously put into our hands to help the people of Darfur . . . and now a Muslim businessman has offered to donate in-country trucking to help us get food to his countrymen --all we have to do is cover the cost of shipping the food there.

What it means is that every \$100 invested in shipping will deliver \$750 in food. We're going to ship five enormous containers of food, 1.3 million meals, to feed starving children and families who have spent their lives on the run to escape unimaginable horror.

And we know that the food will actually go to hungry people who desperately need it. Pastor Mawan Deng of the well-established Safe Harbor organisation, our partners in ministry, will personally oversee the distribution of the food in Darfur.

They have served in this difficult mission field for years—and this breakthrough opportunity is an answer to their prayers too!

This entire project is nothing short of a miracle.

Pastor Gary Kusunoki of the Safe Harbor team reports:

*"One of the area chiefs told me that everything they believed in is now gone. All they hoped and trusted in has failed them. He said, '**Now I know that there must be another answer. Maybe it's Jesus.**'" This sultan is both the civil and religious leader for the region. When Gary and his team shared the truth of the Gospel, the chief replied, **"I want to learn more. We will come every day for you to teach us about the Bible and about Jesus. Come and build churches and teach our children about Jesus."***

What a breakthrough!

Missionaries now report that small churches have begun to be planted among the people of Darfur. Prior to this, it had taken missionaries and evangelists years to win one Muslim to Christ! "If they are evangelised today," Pastor Mawan says, "they will be the hope of the Church tomorrow."

But we must hurry. "We need to make use of the opportunity," Pastor Mawan says, "for we do not know when the door will be closed." So you can see why I am so passionate about this extraordinary opportunity.

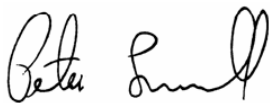

We need to raise the funds for shipping the food. We will also send Bibles and Christian literature in Arabic... the Safe Harbor ministry team will share the Gospel message person to person as food is distributed and show a feature-film on the life of Jesus in the evenings.

In a land of 6 million people, most of whom have never heard a single word about the hope we have in Jesus--in a land militantly committed to Islam--I believe this initiative is going to lead multitudes to Christ.

But the whole effort must begin here, **today, with you and me.** Will you help us? Please reach out with the compassion of Christ to this desperately poor, desperately needy land.

God is doing something awesome in this troubled, bleeding land. Let's be part of His work there. Thank you again for being a true friend to those who have suffered so much for so long. God bless you!

Serving the hungry,

Pete Sumrall

President,
LeSEA GLOBAL Feed the Hungry

P.S.

Please don't forget, If you can return a gift of \$100, it will actually provide \$750 worth of food. A gift of \$75 will enable more than \$560 worth of food to be delivered. Even a \$30 gift will enable \$225 in life-saving food to be supplied.

But whatever the Lord leads you to do, please respond right away. Thanks for understanding the urgency of this situation and reaching out with the compassion of Christ.
