FEED THE HUNGRY®**

Statistics confirm that food supplies are more than sufficient to feed every man, woman, and child on earth.

Peter Sumrall, President of FTH

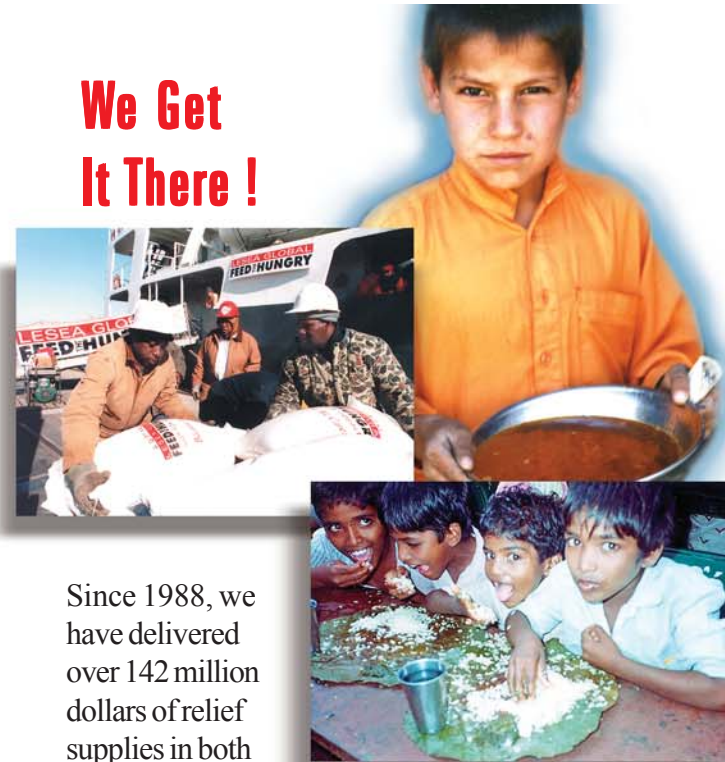

Why are millions still starving?

Many relief programs struggle with distribution. Shipments of food literally rot on docks as relief efforts are continually hindered by political corruption, civil war, collapsing governments, and black market operations. The challenge remains to get food and resources from places of plenty to places of need. Through our unique approach to distribution, we successfully answer that challenge.

LeSEA Global Feed The Hungry, Inc® is a non-profit 501(c)(3) Christian mission organization dedicated to feeding the hungry around the world and providing emergency relief to those in need as a result of famine, drought, flood, war, or other disaster.

We Get It There!

Since 1988, we have delivered over 142 million dollars of relief supplies in both domestic programs and to over 80 nations worldwide. Our vision is simple...bring the abundance of God's people in the first world to meet the devastating need of God's people in the third world, strengthen the church, and evangelize the lost in the process. We are a pastor-to-pastor, church-to-church program responding to the biblical mandate to feed the hungry.

FTH directly oversees the entire relief process, making sure your contributions get into the hands of those in need without third-world government intervention. Before a food distribution takes place, we secure guarantees from the appropriate government agencies, giving us the rights to distribute the food directly through local churches.

LeSEA Global Feed the Hungry® can respond immediately to disaster situations worldwide with volunteer directors in over 30 countries.

One call starts the wheels rolling to help those caught in desperate situations.

You can help supply food and relief items directly to the world's hungriest people. Your gifts bring hope to those who are struggling to survive.

You can be part of the answer.

Your support makes all the difference in their world!

A generous man
will himself be blessed,
for he shares his food
with the poor.

Statistics:

- The number of people who die as a direct result of malnutrition equates to dropping a Hiroshima bomb every three days.
- 14 million children under the age of five die each year from preventable, hunger-related causes.
- Hunger-related causes kill 24,000 people every day.

**What You
