

A grey plastic container lid with a circular sticker on it. The sticker is light blue and has the text "What can you get for \$6?" printed in red. The lid has a small tab at the bottom center.

**What
can you
get for
\$6?**

**For \$6, the cost of
1 take-away, you can
take away hunger
for 100 children**

**Every day, almost
16,000 children die from
hunger-related causes**

Hunger is the most extreme form of poverty.

Before you can give shelter, before you can give clothing, before you can give education... you've got to feed the hungry!

It's miraculous – you can do so much for so little! For \$6, the cost of just 1 take-away, you can provide 100 hot, nutritious meals to starving children in the world's poorest countries.

How can \$6 feed 100? Feed The Hungry keeps costs low by working through local churches and schools to serve sustaining meals. This means those who receive our food also hear the good news of the gospel!

Feeding body, soul & spirit!

Feed The Hungry is a non-profit Christian mission dedicated to three core activities; Feeding The Hungry, Disaster Relief and Supporting Orphanages. Since 1987 we have supplied over \$200 million worth of food, milk, supplies and bibles to desperately needy people in 84 countries.

Funds raised by Take-Away Hunger assist our Orphanage Support Program which currently supplies over 20,700 children with meals everyday. But our goal is to feed 100,000! Please join us and help bring Christ's love to a starving world.
